***SHRI MUKESH KUMAR MEENA***

“Creativity is seeing what everyone else has seen, and thinking what no one else has thought.” rightly said by Albert Einstein. As education is an attempt to nurture the child into a better human being, it is highly important to provide them a platform to express their thoughts and views.

It gives me immense pleasure as the primary department of our school is about to publish the first newsletter for the academic year 2021-22. COVID-19 pandemic has disrupted our lives but this newsletter is the sure testimony that any pandemic situation will not let our students bow down. This newsletter gives wings to the imagination of our tiny tots.

I would like to appreciate the sincere efforts taken by the primary department.
